Principal's Message

What a term!
I cannot believe how quickly this term has passed, now with only 6 school days to go.

Students are now completing units of study and delivering assessment tasks. Ask your child today what they are working on and support their learning journey.

As we are now so close to our holiday period, it is important to remember that attendance at school is vital to your child's education. Students should only be absent from school if there is a reasonable explanation provided to the school. Remember to notify the school (by phone or signed note) if your child is absent.

Kind regards

Dallas Schmidt
Principal

School Audit

I have included a fact sheet with this newsletter about Teaching and Learning Audits in Queensland Schools. Our school will participate in an audit on October 30. This will involve an experienced principal visiting the school and reviewing our planning documents, having discussions with school community members, staff and students and communicating their findings with the school.

For more information, please see the link on the fact sheet or contact Dallas directly.

The next P&C meeting will be held on September 17 at 7pm. All parents and carers are encouraged to attend, contribute and be involved in all areas of education involving parents, the school and the community.

Bounce Back!

To cater for our students learning growth, we have commenced learning about wellbeing and resilience skills through the program Bounce Back! Our first unit of study is on Core values and what this looks like and means for different people. I have included a fact sheet on the program as well as our study focus of Core Values.
